Vaccination Requirements

Make sure you are up-to-date on routine vaccines before every trip. These vaccines include measles-mumps-rubella (MMR) vaccine, diphtheria-tetanus-pertussis vaccine, varicella (chickenpox) vaccine, polio vaccine, and your yearly flu shot.

Hepatitis A	CDC recommends this vaccine because you can get hepatitis A through contaminated food or water in <i>South Africa and Mozambique</i> , regardless of where you are eating or staying.
Malaria	You will need to take prescription medicine before, during, and after your trip to prevent Malaria in <i>Mozambique</i> . Your doctor can help you decide which medicine is right for you, you about other steps you can take to prevent malaria.
Typhoid	You can get typhoid through contaminated food or water in <i>South Africa and Mozambique</i> . recommends this vaccine for most travelers, especially if you are staying with friends or smaller cities or rural areas, or if you are an adventurous eater.

There is no risk of yellow fever in *South Africa or Mozambique*. **However**, the Mozambican Interior and Health Ministries require all foreign visitors who have been in areas where yellow fever is present to show a certification of vaccination at the Mozambican border, the U.S. Department of State reports.

You can contact the following Travel Medicine offices here in Boise for their recommendations. St. Luke's Travel Medicine at 706-7200 or St. Alphonsus Travel Medicine at 302-5200.

CLOTHING

When selecting your safari wardrobe, keep in mind the following: light clothing, neutral colors and protection from sun and mosquitoes. Neutral colors are nice to wear in order to blend into the bush.

- Light clothing (shorts, t-shirts) for warm afternoons
- Warm clothing (long sleeved shirts, sweatshirts, pants) for cool evenings
- Hiking boots / walking shoes and long socks
- Raincoat
- Sandals
- Swimsuit
- Sunglasses
- Hat

Equipment

May 25, 2020

Breakfast in the hotel.

Today's sightseeing starts with an enriching visit to SOWETO (South Western Township), the largest township in the country. Soweto is a part of South Africa's turbulent past, but this multicultural area is also a reflection of today and hope for tomorrow. Along the way, see the neighborhood that was home to two Nobel Peace Prize winners: Archbishop Desmond Tutu and Nelson Mandela. Gain some perspective of life here at MANDELA HOUSE, where Nelson Mandela lived from 1946 to around 1960, when he was forced underground to elude arrest.

You will also see the Hector Pieterse Memorial, dedicated to the 12-year-old boy killed by police during a demonstration in 1976. This led to the Soweto Uprising, an important event in the long struggle to end apartheid some 14 years later.

Lunch at a local restaurant

Next, visit the unforgettable APARTHEID MUSEUM. Here you will learn about the founding of South Africa before delving into the apartheid era. Using photos, video, and print, the museum takes you on an

extraordinary journey through the apartheid years to the 1994 democratic elections that named Nelson Mandela president.

Lodging:

- MONTEBELO BUNGALOW (DOUBLE OCCUPANCY) - The rooms are furnished with a king-sized bed or TWO twin sized beds. All of the doors and windows are equipped with screens to keep out mosquitos and the beds come with mosquito netting, so you don't have to bring your own. Air conditioning, hair dryers, mini fridge, lock-up safe, bathroom amenities, and a kettle with coffee and tea making supplies are provided for your comfort. These rooms also have WiFi access.
- MONTEBELO GARDEN ROOM (SINGLE OCCUPANCY) - The rooms are furnished with a fan, hair dryer, mini fridge, lock-up safe, bathroom amenities, and a kettle with coffee and tea making supplies. All of the doors and windows are equipped with screens to keep out mosquitos. These rooms also have WiFi access. Each room has an outdoor seating area which overlooks the garden and pool – perfect for enjoying the beautiful birdlife in Chitengo.

Special Sundowner - Grab a cold beer from the cooler, sit down, and relax. The sun is setting on a classic African river scene and it's time to for a "sundowner." Sometimes, the sound of African drums drifts up from the village below. The sun reaches the horizon, a ball of blazing orange, the kind of amazing sunset only Africa can conjure up. Sip and enjoy...

Dinner at Chikalango – The chefs at Chikalango Restaurant & Bar are proud to serve delicious authentic Mozambican and international cuisine using fresh, local ingredients. The restaurant is proud to feature locally grown, organic vegetables that are purchased to support communities around the Park.

Morning Game Drive - our Mozambique safari begins as we drive out into the bush just in time for sunrise. The light is a photographer's dream, golden rays streaming through the fever trees. All around us the forest is filled with Gorongosa's unforgettable dawn chorus, the air bursting at the seams with birdsong. On the floodplain, huge waterbuck appear like ghosts in the rising fog. By now, Gorongosa's untamed wilderness is coming to life. Like wary soldiers patrolling a jungle full of hidden enemies, huge troops of baboons cautiously leave the safety of the trees to go foraging on the savannah. Wading birds alight on the riverbanks to begin the search for breakfast. In the treetops, a fish eagle tosses back his head and makes one of the unmistakable calls of the Gorongosa dawn: *weee-ah hyo-hyo-hyo*. If we're

lucky, we'll see a pride of lions returning from a night's hunting: mouths bloody, bellies bulging, flopping down in the shade to sleep it off.

Accompanied by a qualified, local Safari Guide, we'll explore over 100 kilometers of tracks in an open Toyota Landcruiser with raised safari seats – perfect for game-viewing and long-lens photography. The morning safari departs at 6am and lasts for three hours. (Yes, we have to get up early but it's worth it!)

Breakfast at Chikalango

Lab Tour and Coffee Roasting

Lunch at Chikalango

Afternoon Game Drive - Depart for our afternoon Mozambique safari at 3pm to explore the untamed Gorongosa wilderness for three hours. By now, the lions might be waking up from their afternoon naps and starting to think about dinner. There's nothing quite like locking eyes with a truly wild lion – a moment that chills and thrills you. Don't worry – they're not interested in you! But they do perk up at the sight of an impala herd in the distance. (Unlike other parks, you won't be in a traffic jam to see the lions.) As the day closes, the ancient silhouette of a herd of elephants crosses the horizon. They're on their way to a favorite watering hole for some fresh water and a cooling mud bath. The light begins to glow redder, providing photographers with that blazing radiance they crave.

Dinner at Chikalango (Bush Dinner)

May 28, 2020

Breakfast at Chikalango

Visit to Community Education Centre via Nhambita Agricultural Projects - One of the core beliefs at Gorongosa National Park is that the health and security of the Gorongosa ecosystem is *directly* linked to the health and security of the people living around the Park.

Therefore, the conservation work isn't just inside the Park, working with majestic animals and beautiful landscapes. Some of the most important conservation work is done *outside* the Park, in communities and villages, in schools and health clinics.

Although Mozambique's economy is growing at an extraordinary rate, it's still a very poor country. The people living around Gorongosa face huge challenges: lack of food security, limited access to health services and education, and poverty-related social problems.

To secure a great future for Gorongosa National Park, the project must improve the lives of its people. Their goal is healthy families with improved food security, alternative, sustainable livelihoods and reduced population pressure around Gorongosa.
